EXPLANATION OF EVENTS

Stroke: Every shot counts, penalties apply. Nett score is gross score subtract the handicap. Eg 93 - 22 = nett 71

Par: Played to handicap. Players either win, lose or halve a hole based on par being a half. Any score under is a win and any score over par is a loss.

Stableford: Scoring is based on bogey 1pt, par 2 pts, birdie 3 pts, eagle 4 pts, albatross 5 pts taking handicap and hole index into consideration.

Pinehurst: Teams of two players. Teammates switch balls after their tee shots, select the one best ball after their second shots, and then play alternate shots until the ball is holed.

Ambrose: All players tee off, the best shot is selected and all players hit again from that same spot. The best second shot is selected, and all players hit from that same spot, and so on until the ball is holed. This event is played to handicap. 4 players - total handicap divided by 8, 3 players divided by 6, 2 player divided by 4.

Foursomes: Two players play as partners and use one ball. The partners strike off alternately from the tee and thereafter strike the ball alternately during the play at each hole. Scoring is done as for a stroke round and the total is subject to a deduction of half the partners' aggregate handicaps.

Aggregate Stableford: Players combine stableford points at the end of the round.

Four Ball Stableford: Teams of 2 each playing individually. Each player's score is recorded at the end of each hole, and the best score is counted for the team.

Lone Ranger: Lone Ranger, also called Money Ball, Yellow Ball or Pink Ball, puts the onus on one player per team per hole to come through with a good score. Players in a group of four rotate as the "Lone Ranger;" on each hole, the score of the designated Lone Ranger is combined with the low score of the other three team members for the team score.

Match Play: In match play, each hole is a separate competition. The player with the fewest strokes on an individual hole wins that hole; the player winning the most holes wins the match. With handicap, the lower handicap is subtracted from the high handicap. The higher handicap then gets an additional shot on the indexed holes resulting from the subtraction. ie 23 and 17. The 23 handicapper gets an extra shot on holes indexed 1-6.

Par Bisque: A variation of a par round. Players will determine their handicap stroke allocation for a hole after playing that hole. Allocation of handicap strokes will cease once the player's full handicap has been used.

Flag Competition: Individual stroke round. First playing group to start the round carries the flag. When the player has played the number of strokes equal to the par of the course plus his handicap, he places a flag in the course at the point where the ball lands. The next player with strokes available to them picks up the flag and continues until he/she uses their allotted strokes. The winner is the player who goes farthest around the course with the allotted number of strokes.

ETIQUETTE

Etiquette: the fundamental rule of etiquette is the consideration of one's fellow members and the course.

1. No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.
2. The player who has the honour should be allowed to play before his/her opponent or fellow competitor tees their ball.
3. No player should play until the players in front are out of range.
4. In the interest of all, players should play without delay.
5. Players searching for a ball should allow other players coming up to pass them. They should signal to the players following them to pass and should not continue their play until those players have passed and are out of range.
6. Before leaving a bunker a player should carefully fill up all holes made by him/her therein.
7. Through the green a player should ensure that any turf cut or displaced by him/her is replaced at once and pressed down and that after the player has holed out any damage to the putting green made by the ball or the player is carefully repaired.
8. Players should ensure that when dropping bags or the flagstick no damage is done to the putting green and that neither they nor their caddies damage the hole by standing close to the hole or in handling the flagstick. The flagstick should be properly replaced in the hole before the players leave the putting green.
9. When the play of the hole has been completed, players should immediately leave the putting green and should not retry their putts or practise putting.
10. A player who has incurred a penalty should advise his/her opponent or marker as soon as possible.
11. It is the responsibility of the proposer and the seconder immediately a nominee is elected to membership; to see that such a new member is introduced to the other members and advised of all rules governing the conduct of the Club and above all, is sufficiently advanced in the knowledge of the rules of golf to be competent to perform the duty of marker for a fellow competitor. Please see that you play with your nominee until he/she is equipped.

All players in competition may break the round at the 9th or 18th to call at the Sprig Bar for refreshments without losing their position in the field, but must not unduly hold up the procedure of play.
